

SB SELF CONTAINED GRANULAR ICE FLAKER

SB SERIES SELF CONTAINED GRANULAR ICE FLAKE MACHINE: The self contained range of granular flake ice machines produce ice at a temperature of -0.5°C . The ice is already crushed and ready to be used. Ideal for quick refrigeration of bottles and cocktails and for display or transportation of fish, meat and vegetables. Also suitable for supermarkets, hospitals, bakeries and laboratories.

This range of ice makers produces between 90kg and 155kg each 24 hours, with a storage capacity of 20-115kg. All models come with stainless steel bodywork and have ice level and water level sensors.

Features

- Stainless steel shell with rounded corners
- Vertical evaporator
- PLC controlled
- Visual indicators for LP, HP, low water and gearmotor protection
- Technical support

Granular Ice Flakes

Manufactured in Italy

Models from 90-155kg

Ideal for display, service, conservation and transportation of fish, meat and vegetables
